BE IT ORDAINED by the Mayor and City Council of the City of Kellogg, Shoshone County, Idaho, that Kellogg City Code be amended as follows:

Section 1. Title 8: Health and Sanitation, Chapter 2: Weeds, Bushes, Trees, and Public Nuisances is hereby amended to read:
8-2-1: TERMS DEFINED:
The following terms shall have the following meanings when used in this chapter, unless the context of their use indicates otherwise:

ABATEMENT AGREEMENT: An agreement between the City and the person in charge of the nuisance property in which such person agrees to promptly take all lawful and reasonable actions, which shall be set forth in agreement, to abate the nuisance within a specified time and

CHRONIC NUISANCE PROPERTY: 1) a property on which nuisance activity is observed on three or more occasions during any sixty-day period or on which nuisance activity is observed on seven or more occasions during any twelve-month period; 2) any abandoned property where nuisance activity exists.

PROPERTY NUISANCE ACTIVITY: Any activity that offends common sensibilities and sense by way of extreme noise, light, or odor; the storage of lumber, metal, plastic, paper, cardboard, or other scrap material deposited in such a place and manner as to constitute a hazardous attraction; accumulation of unused or unlicensed vehicles or machinery.

INOPERABLE: Incapable of being operated legally on a public highway, including, but not limited to, not having a valid, current registration.

INOPERABLE VEHICLE: Any motor vehicle, including parts thereof, from which the engine, wheels, or other parts have been removed or on which the engine, wheels or other parts have been altered, damaged, or otherwise so treated that the vehicle is incapable of being driven under its own motor power. Inoperable motor vehicle shall not include a motor vehicle which has been rendered temporarily incapable of being driven under its own motor power in order to perform ordinary service or repair operations.

NUISANCE TREE OR SHRUB: Any woody perennial plant which is allowed to grow in such a manner as to obscure any traffic visibility, any traffic sign, or encroach into a municipal public right of way in such a manner as to create a hazard to those using the right of way, or the existence of any dead or dying tree or shrub which creates a hazard to public safety or public property.

VEGETATIVE LITTER: Scattered accumulation of dead portions of plant materials.

VEHICLE: Any device designed to move or propel persons or property or to be drawn upon a highway or street not including a device designed to be propelled or moved by human power, such as wagons, tricycles, bicycles (excluding motorized bicycles), or to be used exclusively upon stationary rails or tracks.

8-2-2: CONDITIONS UNLAWFUL:

A. It is unlawful for any owner, lessee, occupant or any agent or representative of any such owner, lessee or occupant having control of any occupied or unoccupied lot or parcel of land or any part thereof in the city to allow, permit or maintain on any such lot or land or any adjacent municipal public right of way, the growth of weeds or unmown grass or the accumulation of overgrown weeds, grass, brush, nuisance trees or shrubs, whether dead or living. Allowing the unmanaged growth or accumulation of weeds (noxious or otherwise) or grass over eight inches (8") in height or the accumulation of overgrowth of weeds, grass, brush or trees is declared to be a violation of this chapter. The owner of real property is ultimately responsible for compliance with the requirements of this chapter.

B. All weeds, unmown grasses, brush piles and vegetative litter, with the exception of an actively operated compost pile not generating nuisance odors, on any private property within the city are hereby declared to be a violation of this chapter.

C. Any tree, shrub or other plant material or any dead or dying tree or shrub located on private property in the city which overhangs or intrudes over or upon any public street, alley, avenue, roadway, sidewalk, traffic intersection visibility triangle or traffic sign to such an extent that it interferes with the safety of the traveling public or is a hazard or hindrance to public safety or use of public property is declared to be a violation of this chapter.

D. The accumulation and/or storage of abandoned, wrecked, dismantled, inoperable or unlicensed vehicles, or parts thereof, or the keeping, storage, or accumulation of building materials, unused furniture and appliances, junk, trash, or debris on any property, outside an entirely enclosed structure, creates a condition tending to reduce the value of surrounding private property in the vicinity and/or promotes blight and/or deterioration, and/or creates fire hazards and/or constitutes an attractive nuisance creating a hazard to the health and/or safety of minors, or is a harborage for rodents and/or insects injurious to the health, safety and/or general welfare of the public, and is, therefore, a public nuisance within the meaning of Idaho Code section 50-334. These conditions on private property within the city are hereby declared to be a violation of this chapter. The owner of real property is ultimately responsible for compliance with the requirements of this chapter.

E. It is unlawful for any person or business to store or keep any old articles or materials which may be classed as garbage, refuse, or rubbish, adjacent to or in close proximity to any schoolhouse, church, public park, public grounds, business buildings or residence, without first providing tight and proper buildings for the storage of the same. If compliance is not made, it is a nuisance. A "tight and proper building" means a building enclosed in such a way as to restrict the entrance of mice, rats or other vermin, and children, and prevent said garbage or refuse in such building from being visible to persons on other private property or on public property, public streets or sidewalks.

F. The following conditions are found and declared to be conducive to harboring mice and rats, and other types of rodents, and are hereby declared to be nuisances and prohibited:

(1) Broken, cracked or defective ceilings, walls, floors or foundations in which are holes or cracks of a size sufficient to permit a rat or mouse to pass through;

(2) Material, including rubbish, debris, or firewood piled, stored or kept on the premises, into, among or under which rats or mice have burrowed or may burrow;

(3) Portable buildings, boxes, crates and materials, including rubbish, debris, or firewood piled, stored or kept so that they rest directly at the ground surface or less than eight inches above such surface;

(4) Garbage containers without watertight tops, sides and bottoms or without tightly fitting tops, around or under which mice or rats have burrowed or may burrow;

(5) Inoperable and unlicensed, dismantled, partly dismantled or wrecked vehicles, motor vehicles, trailers, or parts thereof. This includes but is not limited to vehicles and trailers incapable of being operated legally on a public highway, and those not having valid, current registration.

G. No person shall deposit or cause to be deposited, nor shall any owner, lessee, tenant or person who has custody or control of real estate within the City permit accumulations of, waste paper, hay and/or straw, litter or combustible or flammable waste or rubbish of any kind, including dirt, concrete, rubble and construction materials, upon any such real estate or upon any structure located thereon.

H. Pursuant to authority vested by Idaho Code sections 50-317, 50-334, or its successor, and article XII, section 2, of the Idaho constitution, any owner, lessee, occupant or any agent or representative of any such owner, lessee or occupant having control of any occupied or unoccupied lot or parcel of land shall be responsible for immediately remedying any conditions that violate the requirements of this chapter. Upon notice to the owner, the city is empowered to abate such violation by causing the cutting and removal of trees, weeds and grass and the removal of rubbish, abandoned, wrecked, dismantled, inoperable or unlicensed vehicles, or parts thereof, building materials, unused furniture and appliances, junk, trash, or debris upon and from private property within the city and within the curbing abutting the same, and to assess the cost thereof against the private property so cleared and that which is adjacent to the parking/landscape strip between the sidewalks and the curb and any alley so cleared pursuant to Idaho Code section 50-317, or its successor. Notwithstanding the provisions of this chapter, nothing addressed hereby shall preclude the city from acting upon conditions that constitute a nuisance pursuant to the provisions of Idaho Code and pursuing abatement as provided thereby. (Ord. 555, 5-9-2012)

8-2-4: INSPECTION OF PREMISES:

The Kellogg police department or their authorized agent may determine by inspection whether such accumulation or growth or pile of weeds, brush or growth or abandoned, wrecked, dismantled, inoperable or unlicensed vehicles, or parts thereof, building materials, unused furniture and appliances, junk, trash, or debris constitutes a violation of this chapter. It shall be unlawful for any person to interfere with any authorized staff members or agent making an inspection permitted under this section. (Ord. 555, 5-9-2012)

8-2-6: OWNER TO ABATE VIOLATION:

It shall be the duty of the owner of private property whose use constitutes a violation of this chapter to cut, trim, or remove such accumulations or growth immediately upon receipt of notice from the city, in no case less than the time frame stated in the notice, which shall provide at least five (5) days for performance unless the city grants an extension, upon reasonable grounds. (Ord. 555, 5-9-2012)

Abatement on City Property: When the cause or source of a nuisance exists on property owned by the City, the Kellogg Police Department or their authorized agent shall abate the nuisance at the expense of the City, and no notice shall be required preliminary to authorize the abatement.

8-2-7: PENALTY FOR FAILURE TO ABATE VIOLATION:

Violation Of City Code an Infraction: Any owner or tenant of a property violating any of the nuisance violations set out in this chapter shall have committed an infraction unless other penalty is provided by State law, and, upon being found to have violated a provision of said chapters, shall be penalized as allowed by State law and this Code.

Any owner or other person notified to cut, trim, or remove weeds, brush piles, vegetative litter or nuisance tree or shrub growth or remove abandoned, wrecked, dismantled, inoperable or unlicensed vehicles, or parts thereof, building materials, unused furniture and appliances, junk, trash, or debris from their property, and who shall fail to do so and abate such violation within the time specified in the notice, as outlined above in section 8-2-5 of this chapter. The first non-compliance offense will be deemed an infraction, cited on an Idaho Uniform Citation, with an associated fine of one hundred fifty dollars (\$150.00). If two (2) or more nuisances have occurred on the same property during any one hundred eighty (180) day period, or upon the receipt of a second notice within one hundred eighty (180) days from the first notice, shall be deemed guilty of a misdemeanor and upon conviction shall be punishable by a fine of one thousand dollars (\$1,000.00) or by imprisonment for not more than one hundred eighty (180) days in jail or both a fine and imprisonment. In addition to any other penalty, the city may recover its costs of abatement, including attorney fees and costs as outlined in section 8-2-9 of this chapter. Every day such violation continues after the date specified in the notice shall constitute a separate and distinct offense, punishable by a lawfully appropriate penalty. (Ord. 555, 5-9-2012; amd. Ord. 610, 7-8-2020)

8-2-9: ABATEMENT OF VIOLATIONS BY CITY AND COLLECTION OF COSTS:

In any case where a person required under this chapter does not abate the violation, the city, through its own personnel, contractor and/or agents, may enter upon the premises to cut, trim or remove weeds, brush piles, vegetative litter or nuisance tree or shrub growth, abandoned, wrecked, dismantled, inoperable or unlicensed vehicles, or parts thereof, building materials, unused furniture and appliances, junk, trash, or debris and abate such violation. The total cost of the abatement shall be billed to the owner of the property for payment. In the event payment is not made within sixty (60) days or if the owner or whereabouts of the owner is not known, the cost of abatement may be certified by the city clerk and forwarded to the county treasurer for inclusion in the county property tax assessment pursuant to Idaho Code section 50-1008. Pursuit of abatement by the city shall not preclude prosecution of violations of this chapter. (Ord. 555, 5-9-2012)

Section 2. Severability. This ordinance is hereby declared to be severable. Should any portion of this ordinance be declared invalid by court or competent jurisdiction, the remaining provisions shall continue in full force and effect and shall be read to carry out the purpose(s) of the ordinance before the declaration of partial invalidity.
